Memory Dear:

I am sending you
my "little old girl" and appreciate
more than you will ever know
your attending & looking after ^{her} being
dressed. Any thing you wish to put
on her of any style or color will
be appreciated. I enjoyed your
visit not only yesterday, but at all
times. the candy and cakes are being
eaten with keen enjoyment and I am
certainly proud of like my stationery
Robert Hurry gave me. I carried the
lovely roses that you brought to Mr-
Hightower and he admired them so much
& held them for several minutes and had
nice things ^{to say} about you too.
With appreciation and love
I am as ever "Aunt Snow"
