My dear Walker:

Yours of 9th inst received. I am glad you took the liberty of representing the Journal at Lineville, and I hope it was of material benefit to you in the way of contract.

I am glad you are to be with me in building the Journal up. I wish I could see you however, in advance. When are you going to be in Birmingham?

I would like to ~~not this~~ have your understanding of our agreement. Please let me know in order that there will be no misunderstanding about it - and the papers can be properly prepared.

I suppose you understand we will want you to be telegraphic editor and be the medium through which all copy shall pass in the ~~office~~ local department. With kind regards I am

Yours truly Thos Heflin
