Dear Harry -

Your letter of yesterday and  
inclosed check for rent (\$5.00) less  
\$15.00 "for one-half month's board" for  
beather one just rec'd. I am perfectly  
willing to contribute \$15.00 per month  
for beather's board with you and Mueony.  
Whatever comes by the value of her  
board above that sum (\$15.00) I hope  
you and Mueony would be glad to  
contribute. I am carrying the heaviest  
financial burden I ever have borne.  
I am starting life over again under cir-  
cumstances that calls for not only  
great expense - at day but also for  
courage and determination. That few  
men have been willing to anticipate the  
long time to build up a law practice

in a city and one's earnings do not come in for  
considerable profits for services or being the  
servant. In the situation presented it seems fair  
that there should be now a showing of our country  
national obligation to hear. The board of pay  
Growth now was confessedly \$3.00 per month or more  
about what it was worth; and I did it out of  
an anxious desire that our men would feel  
a greater cheerfulness. We will come to work harder than  
perhaps the otherwise would have been. Throughout  
the year, at times, I have called on the board and  
see some things that I might pay heedless and  
see always cheaply and so: to my ears in short -  
my gratitude and appreciation. The matter over  
Shapiro and Murray will take the matter in these words.  
and that they will result in our country in these words.  
I return the cheer (\$35.00)
