

Selma, Alabama.
July 29th. 1934

Hon. Harry Walker,
Athens, Alabama.

Dear Sen;-

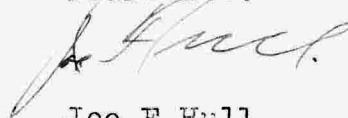

Enclosed you will find something with which you should be able to sue Old Grandma for everything she has from the bricks in her foundation to the dreams Grover Hall has.

Senator this picture is awful, when I was a boy and saw two people coming down the walk where we were playing mabbles who looked like these I just had to holler " Grab Sooks" if I didnt some of the other fellows would.

There is one favor I will ask of you when you do sue please do not bring poor old Aticus Mullins into it, Bucks alright, he means well, he only does what he is paid to do but sometimes he does that too damn well, anyway somebody should be sued by you for some terrible liable.

Am mighty glad you will be back down on the Hill next yaer, give my regards to Doc. and tell old Luther the land agent howdy for me, in fact give everybody my best and take your hat off to the Little City of Culture and Refinement for me.

Yours Etc.

Joe F.Hull
