

May 7, 1935.

Mrs. Mary Walker McKinney, President, P.T.A.,  
Princeton, Alabama.

Dear Mrs. McKinney:

Your letter of March 19 was misplaced at my home in Athens and it has just come to my attention. We have a meeting of the Public Works Board tomorrow and I will see if there is anything that we can do that will help you and your fellow laborers in completing the school. Please advise me just what progress is made and I will assure you that I will do everything that I can to help you in this matter.

Sincerely yours,

RHW: AIS
