Mr. Robert H. Walker  
Athens, Alabama.

Dear Mr. Walker:

On your visit to Birmingham the first of the year I found it impossible to get a chance to talk "business" with you in as much as I would have liked to. Of course you know regarding what subject. I am very anxious to be reappointed as page at the Capitol this session. Both, because I like the work, and second, because I need it. I think you will back me up when I say I'm as willing a worker as there is in the Capitol, and quite as capable as anyone else.

I read in the newspaper the next session will start around the tenth of the month. I hope that you will see fit, Mr. Walker, to reappoint me as page starting then, because as I have previously stated I enjoy the work and also need it.

Thanking you a lots for your past kindness, and future consideration, I remain

J/E/B

Yours Sincerely,
