Monday.

Dear Mr. Waackner —

I haven't been able to
hear anything definite about
you, but I certainly hope
you're getting along fine
by now and will be able
to come down to the
Special Session — if there
is to be one. I have been
watching the papers and

it seems now that the Legislature will be called next week. I surely would like to have my place back as clerk in the House. Know you are swamped with letters along this line, but if there is a place left, hope you'll see fit to give it to me. I'm still working in the Tax Commission, but had much rather be in

the Legislature.

Let me hear from you
when it's convenient and
hope to see you next week,
any way.

Sincerely,
Edith Morrow Hyde.
