

Sept 1935

Dear Harry:-

Do you know anything about the man that rents the upstairs apt.

I remember you wrote me you would attend to the purchase of expenses on the apt so it would not be taken out of my rent. It seems to me they have been in over a month but I have never heard a word from Sarah or any body. I shouldn't have gone up to Pickens but it was a case of have to as I could not stay here without keeping Sarah at home. I got left there expecting to rent a room & couldn't get a decent place to stay - The La Boones just had 18 to 20 to sleep & never felt so uncomfortable however not that they showed they were "put out" they are the most hospitable people I ever saw but I naturally knew so

Many was quite a burden.

We got home in the midst
of the storm it was horrible,
I decided our time had come.
I guess this will finish up
this part of Fla. I really don't see
what we will do. A pretty little
business will be done.

If you could possibly send
Sarah even a small amount
of interest it would help.

You people up there would
just naturally die if you
did to live like me do not
do any more or pleasure. It is terrible
to live just hard in your old
age. Love to all.

Yours
A. D. D.
Please hope.
