

Akershus Ala  
April 7 - 38-

Sam R H Walker  
Athens  
Ala

Dear Sir:-

I am writing you in the  
interest of C H Stotts of Cherokee  
Ala, who is an applicant for road  
superintendent of this county -

He was an ardent supporter  
of Jones when he ran for con-  
gress - This does not qualify him  
for supervision but he was your  
friend politically -

He is not an educated man  
but is a man of superior common  
sense - He is absolutely honest  
no workman will be able to bribe  
him - He has good judgment & while  
not an engineer will make, I feel  
sure a practical supervisor can  
take the same advantage - He was  
an ardent supporter of Gov. Jones

He is absolutely sober and  
tries to at all times be hooked up for  
the best interest of the country -

He is an all round good  
outgoing - Mr Kelley of Sheffield  
is championing his cause so I  
understand and I am writing

to ask that you throw your  
influence to him in what  
every way you may see fit -

If I was looking for a man  
to supervise road construction  
of this county, I would be per-  
fectly confident that C. H. Stults  
would supervise the work to just  
the end I desired and at the  
same time be fair to everybody  
interested - I feel that that the  
administration will make no  
mistake in naming him

Hoping you see your way  
clear, after investigation, to help  
him with your valuable influence.  
very truly  
B. W. Cunningham
