Commissioners Court of Limestone County, Alabama

Regular February Term 1872

On the Railroad business being taken up Joshua P. Roman Judge of Probate acting for Henry W. Kibler Commissioner Presiding the following proceedings were had to wit:

Ordered by the Court that Chas McKee be and he is hereby appointed Clerk of the Court.

On motion of Tho J. McClellan Jr. it is ordered by the Court that the following preamble & resolutions be and they are hereby in all things adopted & ordered to be spread upon the Minutes as follows to wit: "Whereas this Court has heretofore to wit on the 2nd day of June 1868 been ordered by a writ of mandamus to levy and collect for which an amount of money sufficient to buy off and discharge all the outstanding bonds which were issued by the County of Limestone under and by virtue of an Act of the General Assembly of the State of Alabama passed Dec 14th 1855 in payment of the subscription to the Capital Stock of the S. & A. & R. R. Company according to the terms and effect of said bonds and said act; And whereas on the 28 day of August 1871 this Court passed and adopted the following order and resolutions to wit: "Be it resolved by the Court of County Commissioners that we find the sum of sixty five thousand and four hundred dollars in principal & thirty six thousand three hundred & sixty six 66/100 dollars was interest which together make the sum of one hundred and one thousand eight hundred & sixty six 66/100 dollars yet due from us by the County of Limestone upon the unpaid & outstanding bonds issued by said County under an act to authorize the Court of County Commissioners to subscribe to the Capital Stock of the S. & A. & R. R. Company passed Dec 14th 1855. Resolved further by said Court that under no obedience to a preceptum Mandamus of the Circuit Court of said State held in & for said County since 1st Feb 2nd 1868 we will at once proceed to obey & comply with the same to wit: Resolved further by said Court that it will require a tax of eight hundred & fifty per centum on the State tax of the present year to meet & pay off the said amount of the said unpaid & outstanding bonds. It is resolved further & ordered by said Court that the said Court do hereby assess a tax of eight hundred & fifty per centum on the State tax of the present year to pay off & discharge said bonds in obedience to said writ of Mandamus."

Now whereas it is the opinion of the Court after deliberation

County of Louisiana Commissioners Court 1872

Regular February Term 1872

On a petition & examination of the subject that this Court sustained an act of Dec 1st 1855 & Mandamus has no power or authority to levy assess or collect more than twenty thousand dollars per annum for the purpose above set forth nor to levy or collect a greater per centum on the State tax than will raise an amount possible said amount, and this Court is further of the opinion that the said orders resolutions & levy made on the said 28 day of Aug 1871 are null and void as to the per centum and as to all the amounts of said levy & assessment and in except of twenty thousand Dollars & the per centum on the State tax to a greater sum. Therefore it is ordered & adjudged that said orders resolutions & levy of Aug 28th 1871 except to the amount of twenty thousand Dollars & such a per centum on the State tax as will raise the same & the same are hereby rescinded set aside & held for naught.

Whereas at a regular term of the Commissioners Court of Louisiana County held on the 18th day of May 1868 a resolution was adopted authorizing an appeal to the Supreme Court of Alabama from a judgment and Mandamus obtained against the Commis- sioners Court of Louisiana County at the suit of John D. Risher and when in the Circuit Court of Louisiana County to wit on the 1st day of May 1868 and whereas said appeal was duly and regularly taken under and by virtue of said resolution in said case to the Supreme Court of Alabama and after said appeal was taken & heard in the Supreme Court new Commissioners were appointed by the Governor of Ala to the vacancies of Commissioners created under the new Constitution of the State of Ala then and now in force to wit Joshua P. Coman Judge of Probate James M. Lane Andrew C. Legg Hanna H. Phillips & S. B. Coman and whereas the said Commissioners purporting to act as a Commissioners Court did on the 4th day of Jan 1869 pass a resolution directing said appeal to be withdrawn from said Supreme Court regardless of the petition of remission & remission of the tax paying population of Louisiana County & the Protest of Hon Joshua P. Coman the Judge of Probate of said County and the officers of said Commissioners and whereas it was appeared by proof made in this Court that the said James M. Lane one of the said Commissioners acting at the time of the passage of said resolution withdrew said appeal under Bondholder in the Louisiana County R. R. Bonds to the extent of two thousand thousand Dollars and from interest

Commissioners Court of Louisiana County Alabama

Regular February Term 1872

in said judgment and Mandamus from which said appeal had been taken and by reason thereof wholly disqualified from acting in said matter as Commissioners and it appearing also that the said Andrew C. Legg a Commissioner was disqualified by records of criminal interest in said Bonds. And whereas the said action was taken at a Special term of said Court of Commissioners at which no such business as is contained in said resolution could be legitimately be transacted. Therefore it is resolved that the said resolution of said Commissioners acting as a Commissioners Court purporting to rescind the resolution of the Commissioners Court of 1868 directing said appeal to and the same is hereby declared null and void and that the said resolution authorizing said appeal to and the same is now in force. 2nd That the Hon Charles W. Risher be and he is hereby authorized the Attorney in fact of the Commissioners Court of Louisiana County and is hereby authorized to proceed in taking such steps as he may deem advisable to have said appeal reinstated in the Supreme Court of Alabama, and for that purpose employ such counsel as he may consider proper to employ and to do all other things that may be necessary in the prosecution of said suit.

"Whereas we are called upon to mourn the death of John Mc Move a worthy member of our board whom our all wise Providence has removed from our Councils and social intercourse to fairer fields of labor, a climate more congenial and a home of pure joy. We shall miss his deliberate Councils, the people will miss a prudent and sagacious officer, his family a kind husband and affectionate father. He was honest in his efforts to promote the interests of the citizens of the County, and while he was shrinking and unobtrusive in his disposition yet he was firm and inflexible in the discharge of his official duties.

During his term as a member of the Court his conduct has been characterized by a marked courtesy to all with whom he had business relations, and his conclusions were based upon a ripe judgment, and while we mourn with bitterness this sad bereavement yet we are assured that his example will be left as a rich legacy to us who survive him, & although he is dead and April flowers will soon exhale their fragrance over his grave yet his example will not die, but will serve as a guiding star to his friends & family.

"There is no death, the stars go down

To rise upon some fairer shore

And bright in Heavens jeweled crown

They shine forevermore

Therefore Be it resolved

That we extend to his afflicted family our

sincere condolence in this their hour of trial and sorrow, and that as a slight evidence of our grief in this trying dispensation of Providence we cause the foregoing expressions of our appreciation of the character of our esteemed brother to be enrolled upon the minutes of our Court.

Be it further resolved That a copy be sent to the family of the deceased & that the Athens Post be requested to publish these resolutions and as a further evidence of grief this Court do now adjourn.

Report on Poor House.

"As requested at last meeting of the Commissioners Court I have examined the County poor house and appurtenances and find in Sec 12 T3 R4 320 acres of land & in Sec 7 T3 R3 160 acres of land making in all 480 acres belonging to the County Poor house - About one hundred acres open land including fifteen acres of bottom land. The fifteen acres has a good fence around it and will make good corn - the other cleared land not worth cultivating, much of 19 mm up in edge grass. The other is wood land, not very good for fire wood, some rail timber on it.

Condition of buildings.

There is a comfortable double house for the Keeper and family to live in, and for the paupers there are four log cabins surrounded by a

perpendicular plank fence 10 feet high with gate to fasten there in the enclosure, also one cabin outside the enclosure which is now used as a kitchen. In one house or cabin there are three white men and one old negro man.

In another one woman and one man, an invalid. In another one woman one invalid man & one small minded boy - making in all nine paupers.

One of Cabins not occupied, part of chimney fallen off.

The cabins are not comfortable, being open, no loft in any of them & wood chimneys and boards in top of house in a dilapidated condition.

We suggest that the cabins all be chimneys & double & reserved with a good loft and brick chimney to each one, the old wood chimneys we think not only jeopardize the health and comfort but lives of the paupers. Also a kitchen put up near or between house - all of which is respectfully submitted.

R. C. Arnold

Ordered by the Court that the following report of R. C. Gauble be adopted & spread upon the minutes of the Court

Report to Commissioners Court, Limestone County

In accordance with request & by authority of this Court, to visit New Castle to look after the County convicts, do hereby respectfully submit the following: I reached New Castle before five o'clock April 30th, after conversing with some of the citizens a half hour or more & gaining all the outside information I could in relation to the prisoners, I then proceeded to the office of Mr. Milner, the contractor, I found the business in charge of Mr. Milner, Jr. who is a very courteous & affable young gentleman, who gave me every facility to investigate & inspect the convicts & the prison. I went down to the Coal mine the same evening, when the prisoners were at work & reached there before six o'clock, they had just

Adjourned April Term 1883

completed their daily task & were coming out of the mines. The chains were fastened upon each one, the white men chained separate from the negroes, also those that were convicted for felony & those for misdemeanors were chained separately. They were then marched up to the Barracks, I went in the prison with them & after the doors & gates were all locked, the manacles were removed & supper on the table, the fair consisted of bacon, hominy, bread & buttermilk, & of sufficient quantity, after supper I had all our County convicts called up before me & talked to them, they did not seem to be at all intimidated, but would answer all my questions promptly, their working apparel consisted of caps & shoes, wooden shirt, wooden pants, a sample of the goods you will find joined to foot of this report, I understand that had a coat to wear when it was cold; several of the convicts proceeded to retire to their cells to bed before I left the prison & each one took off his clothes, washed himself & put on a long cotton shirt or gown to sleep in. The prison was supplied with water & a bath room & the manager said they were made to bathe every Saturday night & put on a clean change of clothing every Sunday morning. I did not perceive any disagreeable odor produced by exertions or other causes, while I was inside the prison, I went into the mine the next morning while they were at work & remained a short time, I also examined the manager's book, to ascertain if the flogging system was carried on any great extent, I found that for the month of April just past, that out of one hundred ~~one~~ convicts & thirty one convicts in the New Castle coal mine, only nine had been flogged & the average no of stripes to each convict about nine, out of this number one white man received about 20 stripes, the instrument used being a strap of leather; it could not be expected of me in so short a time to learn the *modus operandi*, or manner of treatment, perfectly well, yet from all the information I gathered over County convicts are treated as well as we could expect under the circumstances, I would state from what I could learn of the contractor, his son & the manager, that they are men of principle & would desire to treat the prisoners humanely. The above is respectfully submitted

R. C. Gauble

Ordered by the Court that the proposition to build an iron fence around the Court yard be postponed to November

The following report was read & ordered to be recorded and filed by order of Court

To the Probate Judge, Limestone County

We the undersigned appointed by the Gen. Commissioners Court to inspect the New Castle convicts, make the following report:

We reached New Castle 12th Nov. arriving there in the evening between five & six o'clock; we immediately repaired to the prison, where supper was being served on the table for the prisoners.

We examined the food consisting of pork, greens & bread, of sufficient quantity & well cooked. We found also in the kitchen a quantity of potatoes & flour which the cook informed us would be used the next day for the benefit of the prisoners.

The prison cells were well ventilated yet sufficiently warm, being heated by large stoves. We remained until the prisoners came in, & after supper we called up our Limestone County convicts, & told them our business, & made inquiry of them in regard to their health, treatment &c. There were 13 of our County prisoners that had been at work in the coal mines that day & two on the sick list, Ben McClellan & Bill Stewart.

Ben McClellan was convalescent & had been working a little about the kitchen, but Bill Stewart confined to his room or cell, caused by a piece of slate falling on his shoulder, which would probably unfit him for duty for several days.

The prison supplied with water running in, through tubes for drinking & bathing; bathing facilities very good, yet Mr Milner informed us that he had under consideration and would soon have a large boiler to furnish the prison with warm

January 7th 1884

water to which we think would add greatly to the health & comfort of the prisoners. From all we could see & learn, we think our prisoners are treated humanely & as well as we could expect under the circumstances
