into the County Treasury of Sinestone County

as securities of Alfred Lee who at the Spring Term of the Circuit Court held for the County aforesaid in the year 1853 was tried and convicted for gaming and fined forty dollars the Court upon inspection find that said Alfred Lee was at the said Spring Term of said Court 1853 fined in the sum of forty dollars, and that said Elliott, Branch, Kemmure and Beck did become his securities for the payment of the same, they also find that from a document purporting to be from John A. Winston Governor of the State of Alabama did on the 19th day of April in the year 1854 release the above named securities from all the pains and penalties incurred by reason of their being having become bound for the said Lee as above recited and that said Winston did also on the 24th day of April in the year 1854 remit the said fine of forty dollars aforesaid against the said Lee and ordered that he be discharged therefrom, It also appearing that the said securities did pay into the County Treasury, the said sum of forty dollars as securities as aforesaid previous to the 19th day of April in the year 1854 the date of their discharge from the payment of the same by the Governor, It is therefore determined by the Court that they will not refund to said petitioners the sum of forty dollars aforesaid because the money having been paid into the County Treasury previous to the action of the Governor, for these and other reasons they thought he had no control of it, and had not the power to discharge the petitioners from the payment of the same

Whereupon the further Consideration of assessing and collecting the Taxes on the Limestone upon the State Tax. assessed and levied for the year 1858 upon the persons

property and taxable subjects of the County of
 Limestone, State of Alabama, to meet, pay off
 and discharge the amount due upon the
 second years installment due upon the
~~subscription~~ ^{subscription} heretofore made by the County
 the said County of Limestone State of Alabama
 to the Capital Stock of the Tennessee & Alabama
 Central Rail Road Company by virtue and
 in pursuance of an act of the General Assem-
 bly or Legislature of the State of Alabama
 passed the 1st day of December 1858: And it
 fully appearing to the Court by an inspection
 & examination of the subscription to the Capital
 Stock of the said Tennessee and Alabama Central
 Rail Road Company, and after full and
 satisfactory proofs and examinations of
 reliable and correct Men proposing full oppor-
 tunities and Means of knowing the same
 that there has been and is a good and solvent
 subscription made upon the Stock Books to the
 Capital Stock of the said Tennessee & Alabama
 Central Rail Road Company after deducting
 and excluding from the whole amount
 thereof all bad and doubtful sums and
 subscriptions thereof and therefore to wit, We
 find the sum of at least four hundred and
 fifty thousand dollars including the two
 hundred thousand dollars subscribed
 by the said County of Limestone to the Capital
 Stock of the said Rail Road Company, which
 amount we find will be sufficient according
 to the Estimates of John S. Hale the former
 and G. Jordan the present Chief Engineer
 of the said Rail Road Company based

399
upon an accurate and thorough survey of
the Route of said line of Road to construct
a Rail Road to wit, across the said County of
Linestone as located and run as said act
requires to wit, the Estimate Cost of Construction
of the said Rail Road track by Col John F Steele
is three hundred and Eighty one thousand, Seven hundred
and twenty dollars as will fully appear from the estimates
made by him and heretofore reported and filed in this Office
as well as having examined him fully in proper person
in open Court heretofore touching the same, and also
the estimate of L Jordan Jr to wit, the estimated Cost
of said road by him, the said Jordan being three hundred
and Sixty Seven thousand dollars - and it further appe-
aring to the Satisfaction of this Court by an exami-
nation of L Jordan Jr that most of the work and mate-
rials needed to Construct and Complete said line of
road has been furnished and purchased and that the
work and materials as far as the road has progressed
are within the Estimated Cost above stated, as made by
him, and that the Estimates above, as made by him will be
ample to Construct said line of road - And we the
said Court also find that the Central Southern Railroad
in the State of Tennessee, extending through Columbia,
Pulaski and intersecting with the said Tenn & Ala, Central
Rail Road at the State line, will be Constructed - that the
Whole line of said Road is let to Contract and in a
rapid State of Construction, And it further appearing
to the Satisfaction of this Court and we find - that
Jonathan McMichael the former and James H Glass
the present President of the said Tennessee and Ala-
bama Central Rail Road Company have made and
filed in this Court - an affidavit in the words and
figures as follows to wit,

 by this Court to pay the Amount now due and owing upon the
